

### Alex Lomadze (Georgia)

Alex Lomadze (was born 1968 in Georgia) is a painter, the work of whom lives not in only-painting-frames. For his works the master uses only natural materials, namely- natural stones. This is a very unique technique, that was invented by the painter and named "stone art".

Iconography takes the important place in works of the painter. His portraits and landscapes wonderfully impressed the people with the ability of the painter to enliven the stone and manipulate with colours and texture.

Owing to his talent, diligence and outstanding the painter is respected, beloved and appreciated in Georgia.
